1. Know Your Ball Head
   C-S Series:
   - Quick Release Clamp
   - Support Ball
   - Main Locking Knob
   - Panning Base
   - Locking Knob
   - Base
   - Security Pin
   - Security Pin Release button
   - Main Body

2. Attaching Your Ball Head
   - 3/8" Mounting Screw
   - 3/8" Socket
   - Figure 2-1
   - Figure 2-2
   - Clamp Platform
   - Clamp Jaw
   - Security Pin
   - Release button
   - Clamp locking knob
   - Tighten
   - Loosen

3. Know Your Quick Release Clamp and Quick Release Plate
   - Quick Release Clamp
   - Clamp Platform
   - Clamp Jaw
   - Security Pin
   - Release button

4. Attaching and Removing the Quick Release Plate
   - Common Plate
   - 1/4" Screw
   - Slide-proof mat
   - Tighten
   - Loosen
   - Figure 4-1
   - Figure 4-2
   - Figure 4-3
   - Figure 4-4

5. Adjusting the Ball Head
   - Slightly loosen the Clamp Locking Knob by turning it counter-clockwise, slide the
     QR Plate laterally into the Quick Release Clamp (Figure 4-1) and tighten the
     clamp by turning clock-wise. Another method is to fully open the Clamp Locking
     Knob and place the plate in from the top (Figure 4-2). Tighten the knob to lock
     the camera in place.
   - Security Pin on the Quick Release Clamp
     There is a safety lock on the top of the Quick Release Clamp that effectively
     prevents the camera from sliding off of the clamp if it is slightly loosened (Figure
     4-3). This allows you to make minor adjustments of the camera position on the
     ball head without worrying about the camera sliding off of the Quick Release
     Clamp. This feature is available with all Sirui QR plates. (Warning: While other
     styles of QR plates can be used on Sirui Ball Heads, this safety feature may not
     be available with other brands of QR plates. Even with the Sirui QR Plates, you
     should hold your camera while loosening the Quick Release Clamp).
   - Removing the Camera with QR Plate from the Ball Head
     While holding the camera, loosen the Clamp Locking Knob by slightly turning it
     counter-clockwise. Push in the Security Pin Release Button and slide the camera
     off of the Clamp Plate (Figure 4-4). You can also remove the camera by fully
     opening the clamp and lifting the camera out of the clamp.
